

Block Canvas & Textured Paper

www.heart-to-art.com

Block Canvas - this is a cotton artist's canvas stretched over a wooden frame with a deep side profile of approximately 40mm. I paint colour and or design on these deep sides which adds a further dimension to your painting and there is no need for a picture frame.

If you would like a profile deeper than 40mm please contact me on **01787 28 28 20**

Textured Paper - I paint on a high quality textured paper which has the effect of painting on canvas.
